Subject: TX RH FRN Preview

Lynde, the program is starting to roll out the Texas Regional Haze Federal Register Notice. The document, with edits, is 187 pages long, and it consists of:

- pp. 1-70: preamble
- pp. 70-157: comments/responses
- pp. 157-163: final action/boilerplate/signature
- pp. 164-187: amendatory language

Michael plans to send pp. 1-70 to you and Guy tomorrow if you want an early look. See discussion below.

Thanks Jennifer. Yes, I saw that discussion and I think this plan is fine. I'll give Lynde a heads up that this is coming her way.

Subject: game plan for sharing the FRN this week

Hey Josh,

Hope all is going well with you. I wanted to make sure you had seen earlier email traffic (from last week) regarding the intent to start sharing the FRN with our management chain up to page 70 early this week so they can get a head start digesting the notice. Michael is planning to go through the text one more time and clean it up, then intends to share pages 1-70 with Guy and Lynde tomorrow, with the goal of being completely done and ready to route by Friday. Let me know if you see any problems with that approach.

Thanks!

Jennifer Huser
